October 25th, 2026

Dear Neighbor,
You are receiving this courtesy notice because you are a resident or owner of property located near the new Cypress Point Community at 1800 Carlos Street, Moss Beach.

Cypress Point Construction Update & Look Ahead:

- Wood framing is nearing completion throughout the site. Roofing and exterior siding installation have begun.
- Electrical, plumbing, and HVAC crews are continuing rough-in work within the buildings.
- Interior drywall work has begun and will continue over the next few months.
- Landscape irrigation installation is ongoing and will continue over the coming months.
- Site lighting for the winter months will be added as required by the projects insurance company.
- Carlos Street Utility Work: Offsite sewer and storm drain improvements have begun. The work is expected to take approximately three months. In accordance with the approved traffic control plans, portions of northbound Carlos Street between Highway 1 and Sierra Street will be subject to full closures throughout the duration of the work. Traffic-control signage and detours will be installed as required.

Staging of equipment will remain within the construction fencing. All trucking associated with grading, utilities, and concrete operations will continue to follow County-approved haul routes.

We have created a website https://www.cypresspointfamilycommunity.com to distribute most up-to-date information, regularly, in addition to the monthly construction look-ahead notices. If you are interested in receiving additional construction updates, you may visit the website or scan the QR code and subscribe to be included in our email distribution list.

If you have any questions or concerns, please contact our on-site Project Superintendent:
